## WHAT WE DO

The Office for Mercy Service provides the Carlow community with a collaborative base for community outreach, volunteer programs, and year-round service opportunities including:

- + **Alternative Spring Break:** An immersion experience that promotes personal leadership development, team building, critical thinking, reflection, and an opportunity to work side by side with a community or organization in need of assistance.
- + **Mercy Service Day:** Dedicated to building a more just and merciful world, hundreds of students, faculty, and staff participate in Carlow University's Mercy Service Day. It takes place at the beginning of each academic year and is especially for first-year students.

## COMMUNITY PARTNERS

Explore ways that you can engage with our community partners that work for social justice throughout the city of Pittsburgh. Here are some of the agencies we work with:

- + Catholic Charities
- + Grounded Strategies
- + Neighborhood Resilience Project
- + Pittsburgh Mercy
- + The Corner
- + Uptown Partners
