Chance to observe an Open- Heart surgery at Allegheny General Hospital on Wednesday, June 29th. We were unable to schedule an observation during the Prepare to Care week of June 21-24 due to staffing shortages and no surgeries. But if you can be dropped off and picked up at AGH, our coordinators and faculty can meet you there and be with you during this time.

We apologize for this inconvenience but wanted to make the Open- Heart observation available to you as soon as they were able to accommodate us.

Please let us know if you are interested and we will get the permission forms and times to you and location to meet.
